## Called Meeting.

There will be a called meeting of Coeur de Lion Commandery Knights Templar Tuesday evening at 7 o'clock for conferring the Temple Degree on several candidates. The Commandery will have as its guests Sir Knights Keith, Browning, Sulser and Smoot, from Maysville. R. E. Grand Commander Joe Ewalt, will be present and install Sir Knights F. L. Lapsley and P. D. Smoot, recently appointed to fill out the unexpired terms of Grand Standard Bearer and Grand Sword Bearer. A full attendance of the membership will be appreciated.

## Our Thrae Specialties.

Now is the time to buy a refrigerator, we have all kinds—North Star a specialty. Our line of go-carts can't be beat, all styles and prices. Our line of porch furniture is larger and more complete than ever before.

Don't let any one tell you that this flour is the "just as good" kind. There is positively no flour on earth that can beat "PURITY," and very few brands that can compare favorably with it. Ask the good housewives who use "PURITY"—they know.

## Local Masons to Lay Cornerstone.

Arrangements have been completed for the laying of the cornerstone of the new Federal building, corner Eighth and Pleasant street, which will be occupied by the postoffice, on Wednesday, May 4.

The ceremonies will be in charge of the Paris Lodge No. 2, F. & A. M., the members of which will assemble in their lodge room in the Wilson building at 3 o'clock on Wednesday and headed by the grand officers under the escort of Coeur de Lion Commandery Knights Templar will march to the site of the government building where the ceremonies will be conducted. The following is the program arranged by the committee of the local lodge:

Invocation.  
Address by Charles M. Harris, of Versailles.

Laying of the cornerstone by the Grand Officers: John W. Cowles, Grand Master; Robert Burnam, Deputy Grand Master; Dave Jackson, Grand Senior Warden; Joseph H. Ewalt, Grand Junior Warden.

Benediction.  
Invitations have been extended to Masonic orders of Bourbon county as well as those of neighboring cities, a number of whom will attend the laying of the cornerstone in a body, and the occasion promises to be one of the most notable in the history of the city. The public, too, has been extended a cordial invitation to be present and witness the impressive ceremonies.

The address of Mr. Charles Harris, of Versailles, is one that is looked forward to with a great deal of interest by the members of the local lodge of Masons and those who are acquainted with this gifted speaker. The acceptance of the invitation of the local lodge to participate in the exercises is an assurance of an address that will prove highly entertaining and interesting to those who attend.

In the cornerstone will be placed a roster of Paris Lodge No. 2, F. & A. M., Paris Chapter No. 15 R. A. M., and of Coeur de Lion Commandery No. 26 Knights Templar and by-laws of the above lodges. A copy of each of the county newspapers will also be sealed in the cornerstone with the above articles.

## New Boat Launched.

The Chippewa Club Saturday received their new launch recently purchased from the Mullins Boat Company, of Detroit, and the boat was placed in commission Sunday. The launch is one of handsome design and will carry passengers to the number of fifteen. It is equipped with a two-cylinder marine engine which will develop a speed of about 15 miles per hour. The Chippewa Club will go into their summer camp about the fifteenth of May if the weather continues favorable. The club has accepted the local agency for the Mullins boat and before the summer is far advanced it is expected there will be more than a half dozen launches running on Stoner.

## Free Shoes for Ball Players

The enterprising shoe merchant Geo. McWilliams, makes the following offer to the Bourbonites: "We will give free of charge the best pair of Hanan or Nettleton shoes in our store to the first member of the Bourbonites who makes a home run on the Paris grounds." Get busy boys, this is a prize worth trying hard for.  
GEO. McWILLIAMS.

## Will You Let It Happen Again?

You took the tailor's suit, though dissatisfied you were. You know distinctively it didn't fit and the tailor couldn't correct it. You didn't want to be considered a "mean man" by the tailor, so you paid for the suit and hated it forever after. Don't let it happen again. Why take a chance with the tailor-made? You are sure of a perfect fitting suit at our store whether you are tall, short, lanky or fat. Try on one before our long mirrors—study it from every angle—if it isn't perfect, we don't want you to buy it.

### FISH THAT WALK.

Climbing Perch Travel Over Land From Water to Water.

It may seem absurd to speak of fishes as walking. The flying fish is well known, but its flight looks much like swimming in the air. We naturally think of fishes as living always in water, as being incapable, in fact, of living anywhere else. But nature maintains no hard and fast lines of distinction between animal life which belongs to the land and that which belongs to the water. If we can believe the accounts of naturalists, there are fishes that traverse dry land.

It is reported that Dr. Francis Day of India has collected data of several instances of the migration of fishes by land from one piece of water to another.

A party of English officers were upon one occasion encamped in a certain part of India when their attention was attracted by a rustling sound in the grass and leaves. Investigation showed it to be caused by myriads of little fishes that were making for one direction and were passing slowly on. There were hundreds of them moving by using their side and small fins as feet, now upright, now falling down, squirming, bending, rolling over, regaining their funny feet and again pressing on.

These fishes were the famous climbing perch, and they were passing over the country to avoid a drought. When the stream in which they have been spending the season dries up they scale the banks and, directed by some marvelous instinct, crawl to another.—Pearson's Weekly.

### A HOPEFUL POET.

Failure to Recognize His Genius Didn't Dampen His Ardor.

Paddy Quinn, a type of bohemian found only between the covers of a cheap novel, was sentenced by Justice Samuel C. Hyde, congressional representative for Washington during territorial days, to serve ten days on the rock pile after confessing that he had worked only seventy-five minutes during his stay of two months in Spokane. Asked by the court to explain how he earned a living, the prisoner said:

"I am a poet, but there is no use explaining to you that which would be unintelligible to your mind. I will recite some of my poetry instead. I will read a few stanzas from my masterpiece."

Before Quinn could give voice to the second line of his latest work the court had imposed sentence and the sweet singer was on the way to the city jail, where his tattered garments, oxford shoes and flesh colored hose were exchanged for overalls, jumper and hobnailed brogans. His long black hair and flowing beard were also trimmed for hygienic purposes, and, armed with a six pound hammer, he started for the rock pile, mumbling as he left the station:

"The muse got an awful jolt that time at the hands of an unsympathetic judge; but, then, there's hope. Recognition will come some time. It must come. Officer, please see that Pegasus is properly cared for until I return!"

### The Lunatic's Idea of It.

"I was going through one of the wards the other day," said the superintendent of a lunatic asylum, "when one of the patients—incurably insane. I believe—walked up to me to announce that he wanted to be discharged."

"Why?" I asked.  
"Because I've been here three years, and that's long enough," he replied. "And I want to be discharged today, too," he added.

"I looked at him steadily for several seconds and then said:

"My dear fellow, do you realize that I have been here seventeen years and have not been discharged yet?"  
"The question appeared to puzzle the man for an instant. Then he snapped at me:

"Well, you ought to have been discharged long ago."—New York Globe.

Doing nothing is learning to do wrong.

### Ink for Monuments.

An excellent permanent ink for monuments and tombstones is made by mixing together one pound of lampblack and ten pounds of pitch, with sufficient turpentine to make a liquid of about the same consistency as paint.

### Gruesome Find.

The Cynthiana Democrat says: "Friday a cow down at the A. Keller distillery foundered on white clover and gave up the ghost. She swelled to such proportions that Dr. Musselman opened her after she was dead and in her interior department found quite a mass of white gravel, which she had doubtless picked up while browsing on the river bank. Well, this is not the gruesome find. It was necessary to bury the cow, and in digging the grave the upper portion of the skull of a human being was unearthed. It grinned up at the colored man who was doing the digging and gave him quite a shock, but he returned to the charge with a pole and carried it to the distillery for the revenue men to examine. That's the gruesome part. It is supposed that it is the skull of a colored man who froze to death while on a drunken spree in that neighborhood about 20 years ago and was buried where he was found. The colored man was known as Pete Ammerman, or Pete Taylor, and worked for the late Col Adam Renaker. Many of the citizens will remember him."

### Not So Black.

The devil isn't as black as he is painted. A good bit of his blackness has been rubbed off on the people who have tried to investigate the truth of that comforting proverb.—New York Times.

#### League Season Opens This Week.

The base ball season in the Blue Grass League will open this week, the first games being played Thursday May 5. Interest in the league this season is greater than ever and the crowds are expected to be much larger than they were last year when all records for attendance in the Blue Grass were broken.

The race promises to be an interesting one as all the teams in the organization have strengthened materially. The class of ball presented will naturally be much better than that of last season. All the managers are predicting a close race and while none of them will predict that his team will be a pennant winner they all wear a knowing smile that signifies what they have up their sleeve.

Today the Paris club will play their last exhibition game of the club coming before the opening of the season with the North Middletown Club, and tomorrow Manager McKernan will devote the entire day to the perfection of a signal code, on which he will drill his men thoroughly.

Thursday the McKernan aggregation, accompanied by the Paris military band, will journey to Colton for the opening tilt of the season. In the initial game Manager McKernan has selected Holder to do the backstopping, and the pitcher, who, in his judgment has made the most creditable showing during the exhibition games will be allowed to go on the mound for the Bourbonites. Barnett will cover the first corner of the diamond McKernan will fill the second position, Kuhlman will hold down the third sack while the belated Scottie will fill in at short.

In the outer gardens Manager McKernan will use Kaiser and Goodman, the former intenter while the latter will be assigned to the territory in right. His man for the position in left has not been decided upon and unless those who are now trying for the position make a good showing he states he will fill this position with an outfielder who is expected to arrive before Thursday.

Friday will mark the opening of the season in Paris and the Colts are scheduled to meet the locals at White Park. As this is the opening game, and with a view of getting out a large crowd to give the home club a rousing send-off, Mayor Hinton has signed his intention of issuing a request to the merchants of Paris to close their places of business at 3 o'clock to allow those whom they employ to attend the opening game. If the merchants of Paris will adhere to the request of the Mayor it is likely that a record-breaking crowd will greet the Bourbonites Friday.

Saturday the Millers from Shelbyville will meet the Paris club and on the first Sunday game the Pioneers will come over to try conclusions with the Bourbonites. The box seats and admission tickets for the opening game Friday will be placed on sale at the drug store of G. S. Varden & Son today.

SHAMROCKS 10; PARIS 15.

Saturday afternoon the Paris club defeated the Shamrocks, of Cincinnati, in a slow and uninteresting game by a score of 15 to 10. McCormick essay-

ed to pitch for the locals but in the second inning weakened and after forcing in two runs was relieved by Eddington, who was hit hard but was very effective in finding the plate nine of the opposing batters fanning the wind. The score follows.

Shamrocks.....0 3 0 2 2 1 0 0 2-10  
Paris.....2 0 7 0 0 2 4 0 x-15

Batteries—Paris, McCormick, Eddington, Dellbrugge; Shamrocks, Taylor, Wood, Mayers. Three base hits—Kaiser, Barnett, Keifer, Mayer. Two base hits—Franklin, Kaiser. Hits—off McCormick 4; off Eddington 10; off Taylor 5; off Wood 10. Struck out—by Eddington 9; by McCormick 2; by Taylor 1. Base on balls—by Eddington 2; McCormick 3 by Taylor 1; by Wood 2. Passed balls—Mayer, Dellbrugge. Wild pitch—Eddington. Hit by pitched ball—Franklin, Richer. Errors—Paris, 2. Shamrocks, 8. Umpire—Lucas.

SHAMROCKS, 3; PARIS, 12.

The Cincinnati Shamrocks narrowly escaped a shutout in Sunday's game at the hands of the Bourbonites when the latter defeated them in the second game by a score of 12 to 3. McCormick was on the mound for the locals and for seven innings pitched in fine form, holding the visitors without a run and in the eighth slackened speed and an error and two hits the visitors scored two runs. In the ninth he retired in favor of Scheneberg, who showed a wonderful amount of speed.

Former shortstop John Scott, who returned Saturday night, filled his old position on short and played a brilliant game, while McKernan on second, Barnett on first and Kuhlman on third made up an infield of the very classy sort.

"Germany" Kaiser was a little lame and did not exert himself. Holder caught a great game and swatted the horseshoe for a triple and two doubles. The visitors were soon disheartened by their inability to bat McCormick safely while the locals pounded the ball hard and strong, resulting in three Shamrock twirlers going to the wall. Six hundred people witnessed the game. The score follows:

Paris.....0 0 6 0 0 1 3 x-12  
Shamrocks.....0 0 0 0 0 0 2 1-3

Batteries—McCormick, Scheneberg, Holder, Theler, Waters, Weihe, Meyer. Hits—Paris, 14; Shamrocks 11. Errors—Paris 1; Shamrocks 5. Earned runs—Paris 4. Three base hits—Holder, Sutz, Eddington, Valdoise. Two base hits—Holder 2, Keifer, Barnett. Struck out—by McCormick 5; by Scheneberg 1; by Theler 1. Bases on balls—off Scheneberg 1; off Theler 5; off Waters 1. Umpire—Lucas.

STATE 4; PARIS 17:

State University proved an easy mark for the Bourbonites in the game yesterday and were defeated by a score of 17 to 4. Paris cinched the game in the first inning when the locals, assisted by numerous errors and heavy hitting piled up a total of fourteen runs.

Poole was on the rubber for the locals and pitched a steady game. He was relieved by Scheneberg in the eighth inning after which the game was called to allow the visitors to

catch the car.

The feature of the game was the batting of McKernan, who, out of five times at bat secured four hits which were good for nine bases. The score follows:

S. U.....0 3 0 0 0 1 0-4  
Paris.....14 0 0 1 0 0 2-17

Batteries—Beatty and Reese; Poole, Scheneberg and Goodman. Home runs—McKernan, Burris. Three base hits—Goodman Barnett. Two base hits—McKernan, Maxwell. Struck out—Beatty 6, Poole 5, Scheneberg 1. Bases on balls—off Beatty 4; Poole 1. Hits—Paris 17; State 8. Errors—State 9; Paris 2.

## Paris Orator invited to Speak.

The former Kentuckians of Beckham county, Oklahoma, have organized a Kentucky association and have written to Judge Harmon Stitt, of Paris, to deliver an address before their association at a meeting to be held at Doxey Oklahoma, in June. Judge Stitt in a most pleasing and entertaining after-dinner speaker and a treat is in store for the ex-Kentuckians if he accepts the invitation.

## Jury Failed to Agree.

The jury in the case of Brice Howard, a negro, on trial in the county court for bootlegging Saturday agreed upon the guilt of the prisoner, but disagreed upon the amount of fine, five of the jury being in favor of a fine of \$25 and costs and the remaining juror holding out for a fine of \$100 and costs. The defendant was remanded to jail and will be tried today upon a similar charge.

## M. E. Church Plans Accepted.

The plans and specifications for the new Methodist Church were presented this week by Architect S. E. Desjardins, of Cincinnati. The building committee of the church of which Mr. H. A. Power, is chairman, was in session the greater part of Tuesday, and accepted the plans of the architect. The building, in addition to a large quantity of material remaining from the old building, will cost approximately \$20,000.

## \$50,000 Cattle Deal.

One of the largest cattle sales made in the Blue Grass for nearly a year was made this week when six hundred cattle the property of Jonas and Simon Weil, of Fayette, and Messrs. I. Duckworth, of Nicholasville, and Kibbe, of Garrard county, were sold to N. Lehman, of Baltimore, for \$50,000. The cattle have been kept at the Curley distillery, near Nicholasville, and were bought for June delivery. At the time they are delivered they will weigh on an average of about 1,200 pounds.

## Moonshiners Fined.

In the Federal Court at Richmond eighteen moonshine cases were called. Seven of the defendants pleaded guilty and received sentences ranging from thirty days to ninety days and \$1,000 fine. Eleven, who pleaded not guilty, gave bond and their cases were continued until the next term of court. Several minor civil cases were called, most of which were continued.

## Fostering Trusts.

An exchange says the increase in the capital of the American Telephone and Telegraph Company to \$500,000,000 makes it next to the largest corporation in the world, the largest being the United States Steel Corporation with \$565,533,600 capital. The telephone trust has grown from the exclusive privileges granted by an unjust patent law, and the steel trust has grown from the special benefits conferred on it by a high tariff. The patent laws and the high tariff go hand in hand in creating and fostering trusts.

## STOCK, CROP AND FARM NOTES.

—At Cynthiana Clarence Lebus sold to Leslie Combs, of Lexington, 10,000 pounds of merchantable wool at 32 cents per pound.

—The farmers of Harrison county will get only 70 per cent of the claims allowed for sheep killed by dogs, the dog tax covering that amount.

—The Fleming County Board of Control has filed a suit in the Fleming Circuit Court against George Vinson, a tobacco grower of Fleming county, asking for damages for the alleged selling of a crop of pooled tobacco.

—Hogs are coming to be great mortgage lifters. They lift many a burden for the man that keeps good ones, and takes good care of them. But few farmers make as much out of their pork as they ought.

—J. E. Boardman, of North Middletown, purchased of R. P. Hopkins, James Hopkins and J. C. McDaniel a car load of fat hogs for which he paid from 8 3/4 to 9 cents per pound. Mr. Boardman shipped the hogs Saturday to the Cincinnati market.

—The combined receipts of live stock at six principal Western markets last week including Chicago, Kansas City, St. Louis, St. Joseph, Omaha and Sioux City were 140,900 cattle, 247,700 hogs and 129,800 sheep. Receipts at the same markets on the corresponding week of last year were 116,200 cattle, 280,000 hogs and 135,500 sheep.

—While it is always essential that animals be well fed and cared for, it is often found that the cow producing the largest amount of milk is not necessarily the animal which devours the most feed and for this reason the owner should learn the temperament of each individual animal and feed it accordingly, this way realizing profits which might otherwise be wasted.

—Probably the largest crop of hemp grown on one farm in Kentucky during last season was on what was recently the Beasley place, within less than two miles of Lancaster. T. B. Walker had a tract of 185 acres and B. F. Hudson and James House also cultivated a large acreage of this staple, all a part of the same farm and making altogether a tract of nearly 400 acres. As the land has been in grass for years the quality and abundance of the yield was unprecedented and second to none grown in the entire State.

—Indiana has a law which makes it a serious offense to misrepresent a horse either in sale or a trade. For doing that, a person may be fined from \$50 to \$500 and besides a jail sentence. This gives protection to the buyer and seller. "I said one of the horsemen who was at the meeting. 'It is hard to sell because the buyer is expecting to get 'stung' and this hurts the business.'"

—The Farmers' Home Journal says: "S. C. Carpenter, Millersburg, Ky., reports recent sale to J. M. Jones, Newport, Tenn., for \$1,500, of the stallion Cracker Jack Chief, 3 years old, sired by Bourbon Chief 976, he by Harrison Chief 160—dam Peach 405, by King, Wilson's, 2196; 2d dam by Sims Clark Chief 2575; 3d dam by Sims Ned Forrest, 3d dam by Tribbles Leland."

"Cracker Jack Chief is full brother to Crapenter Bros. King Chieftian 2846 and Star Chief 2d 2847. He is a grand individual and Mr. Jones is very much pleased with him. He said he had never seen much about the Harrison Chief string he just had to come to Kentucky and get one. He thinks he got the 'cracker jack' sure."

—CYNTHIANA COURT—Large crowd of farmers were in the city and the merchants report good business, many of the farmers ready to sell at good prices. Auctioneer C. E. Van Hook reports 150 cattle on the market, eight hundred pound cattle at \$5.50, 500-pound cattle at \$4.50 to \$5, calves at \$17.50 to \$25 and milk cows at \$37 to \$50 a head. Fifty head of sheep were sold at \$6.50 and 25 100-pound shoats at \$9.50. A large number of plug horses were offered and sold at prices ranging from \$5 to \$12.50.

—In a recent bulletin the College of Agriculture of the University of Missouri has published the results of a number of swine feeding experiments, by E. B. Forbes. These experiments prove that corn—good corn—is a good feed for any animal and that there is no reason for withholding it from any animal needing food. At the same time, it is shown that corn alone is not nearly so good or so profitable a feed as corn supplemented by some protein food such as tankage, linseed, oilmeal or soy beans. If hogs feed exclusively on corn the animal becomes very fat and chubby and does not develop properly; the bones are brittle and easily broken. Sixty-five hogs were used in this experiment and they were divided into lots of five each. Twelve different rations were served with corn alone in two of them and corn supplemented with some other feed in the others. The hogs fed on corn and tankage gained the most; those receiving corn alone were most unsatisfactory.

## Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c at Oberdorfer's.

## Not Sorry for Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, la grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c. \$1.00. Trial bottle free. Guaranteed by Oberdorfer."

## No Snow on Highest Peaks.

Snow does not fall at a greater height than 16,000 feet above the sea level, there being no moisture in the atmosphere. Therefore the highest mountains are not capped with snow.

## Will Promote Beauty.

Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises and piles. 25c at Oberdorfer's.

## An Expert's Opinion of Skin Diseases.

A prominent, national expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. Mr. W. T. Brooks will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

## Utilizing His Creditor.

"Seems to me little Juggins is cutting a wide swath for a man of small means. Has he struck oil recently?" asked Harkaway. "Oh, no," laughed Robinson. "He's a good manager. He makes a little creditor go a long ways."—Harper's Weekly.

## \$15 To Insure

The ideal carriage horse is the American trotting bred horse, with size, speed, courage, and the true trotting gait, with plenty of knee and hock action. In addition he must have a clean cut head and neck, style and finish, plenty of substance without coarseness.

Recognizing the demand for this class of horses, I selected Taylor Simmons 23789, a young horse which fills all the requirements of the typical carriage horse. If the theory that "like begets like" be true, he will produce horses of this type when mated with good mares. Through his veins flow the blood of the greatest trotting families. He traces twice to George Wilkes and five times to Mambrino Chief II. This is backed by the stout thoroughbred blood of Boston.

## Free Sample For Baby's Ills

Something can and must be done for the puny, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.

A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other unfavorites are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.

First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unable to obtain it, write to a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

## ENGLISH SCHOOLS.

Quaint Customs That Are Maintained  
With Religious Care.

The head master of Manchester Grammar school, in a speech at Rochdale, referred to a custom at Rugby school which forbids a boy of less than three years' standing to turn up his trousers and insists on his doing so after that period.

The custom is only a minor instance of the quaint practices that exist at all the great public schools in England and are maintained with religious care, though in many cases their origin is obscure or unknown. The Shrove Tuesday tossing of the pancake at Westminster school, with its ensuing scramble for the largest fragment, which gains for its possessor a guinea from the dean, is perhaps the best known among them. A curious custom at Marlborough requires every boy to bring to school with him a cushion, technically termed a "kish"—with the "i" long. This article is his inseparable companion in school time and, in addition to the ordinary functions of a cushion, is employed to carry books from one form room to another.

At Shrewsbury school, at the beginning of each term, "hall elections" are held for the posts of hall crier, hall constable, hall postman and hall scavengers. The genial brutality of youth often selects for the position of hall crier either the most nervous boy in the school or one who is afflicted with a stammer.

The new boy in the schoolhouse at Rugby is early called upon to take his part in "house singing." At this function, which is held in one of the dormitories, he has to render a song to the satisfaction of his audience, the penalty, being the swallowing of a mouthful of soapy water.

Another ancient school custom is the parade of the Christ's hospital bluecoat boys before the lord mayor at the Mansion House on St. Matthew's day, when the "Grecians," who correspond to "sixth formers" elsewhere, receive a guinea each and the rank and file of the school are presented with new shillings.—London Mail.

## BURGLARS' TOOLS.

Most of Them Made by Supposedly  
Respectable Mechanics.

Every little while, said a detective recently, the police arrest a man with a set of burglar's tools in his possession, and one naturally wonders where they all come from.

It is easy to buy a gun of any description, and the most reputable person would not be ashamed to be seen purchasing the most wicked looking knife ever made. But who would know where to get a "Jimmy" or a device for drilling into a safe or any of the many tools used by the professional burglar in the pursuit of his calling?

There are places in the large cities where these things are made and sold to the users, but such places are exceedingly scarce. It may seem a little strange to learn that most of the tools used in burglaries are made by mechanics who are looked upon as respectable men in the community.

When a burglar wants any particular tool made he goes to a mechanic who can do the job and pays him perhaps five times what it is actually worth for making the tool and keeping quiet about it. Many detectives can recall cases of this kind that have come to light.

One in particular occurred some years ago when an escaped convict named Williams went to a blacksmith and got him to make a lot of drills to be used in safe cracking. He personally superintended the tempering of the steel, but when the job was nearly completed it leaked out, and Williams was arrested. In this instance the blacksmith knew nothing of the use to which the tools were to be put. Most of the tools used by burglars are secured in the same way.—Philadelphia Inquirer.

### Shoemaker's Candles.

I well remember some seventy years ago seeing flat candles in use. To produce what was known as the flat candle, which was also sometimes called "shoemaker's candle," two newly made "dips" were pressed close to each other while soft and then again lowered into the hot fat, thus holding them together as one candle with two wicks. The size could then be increased if desired. This flat candle was most generally used by shoemakers and tailors, but was made use of in some households whenever an extra bright light for working or reading was required.—Cor. Dickensian.

### Too Much Like Work.

"Haven't you a home?" asked the sympathetic citizen.  
"Yep," answered Plodding Pete. "I had a nice home, but the first thing I knew it had a wood pile and a garden and a pump, and den it got so much like a steady job dat I resigned."—Washington Star.

### Impossible.

"How do you overcome insomnia?"  
"Say the multiplication table up to twelve times twelve."  
"But I can't get the baby to learn it."—Cleveland Leader.

### Not Slept In.

"Porter, this berth has been slept in."  
"No, sah! I assure you, sah! Merely occupied. It's the one over the wheels, sah."—Puck.

### Taking Him Down.

Brown (very proud of his firstborn)—Ah, even now my wife says he is just like me in many of his little ways! Smith (gravely)—I hope she corrects him for it.

## Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are unfitted for motherhood. This can be remedied.

## Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making them healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" banishes the indispositions of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

**It Makes Weak Women Strong. It Makes Sick Women Well.**  
Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

—Mrs. Thos. McClintock and sister, Miss Emma Griffith, left Monday for a visit to their sister, Mrs. Griffith and family, at Paynes Depot and will return today.

—The ball game between M. M. I. and Clintonville Saturday afternoon on M. M. I. grounds resulted in a called game at the opening of the eighth inning the score standing five to four in favor of Clintonville. M. M. I. made three runs in the seventh inning, and it is safe to predict that had the game been played to a finish, M. M. I. might have been an easy winner. The visitors called the game off on account of it being near train time. A large crowd was present and the rooters were busy during the entire game.

## Seventeen Licenses Issued.

Seventeen of the eighteen saloon men of Paris who applied to the City Council for license to retail liquor have secured their license from City Collector Moore, paying the amount of \$500, the remaining \$500 to be due the first of August and executing bond in the sum of \$250 to keep an orderly house. Those who have taken out their license are: Cain & Johnson, J. F. Weatherall, James Connelly, M. Flanagan, Porter & Spencer, Dickey & McShane, O. H. Peddicord, Louis Saloshin, Ed Slattery, James Curtis, French Thompson, Ollie Starke, M. L. Woods, F. F. Burnett, Albert Lyons, T. F. Steadman and T. F. Brannon. The only remaining saloon in the city that applied to the board and who have not secured their license is that of Coughlin Bros.

## Have You Been Counted?

Have you been included in the census of the city of Paris? The census enumerators have about completed their work and unless those who have been overlooked act promptly they have left out entirely. Ask your neighbors and friends if they have been counted. If in the rush they have been overlooked report the fact to Mayor Hinton and he will see to it that their names are entered in the census. It is essential that every person in the city be enumerated and the hearty cooperation of the citizens is urged with this point in view. Other towns are putting forth every effort to ascertain their correct population and the citizens are lending some valuable assistance. Why can't the citizens of Paris do likewise.

## BIRTHS.

—Born, on Thursday to the wife of Walter Kenney a son. The infant lived only a short while.

## DEATHS.

—Mr. Wm. Christie, aged 86 years, was found dead in bed at his home in Ford Sunday. Mr. Christie was a large man and death was due to apoplexy. He is survived by his wife and eleven children among whom is Mr. J. W. King, of this city. Mr. and Mrs. King left Sunday for Ford to be present at the funeral services which were held yesterday.

—Mr. Samuel B. Stephens died Saturday at his home in Newport. Mr. Stephens was formerly a citizen of Paris and for many years was foreman in the coopeage department of the G. White distilling plant in Paris. Mr. Stephens still retained his membership in Bourbon Lodge I. O. O. F., and was a member of the Imperial Encampment.

—Mr. Stephen Arnsperger, aged 87 years, died Saturday night at his home in Newtown, Scott county, after a protracted illness from infirmities incident to old age. Mr. Arnsperger is survived by three children, Mr. C. Arnsperger, of this city, Mr. J. D. Arnsperger, of Scott county and Mrs. T. Porter Smith, of Los Angeles, Cal. The funeral was held from the residence in Newtown yesterday morning at 10:30 o'clock. Burial in Georgetown cemetery.

—Mrs. Lizzie Brent Marshall, formerly resident of Paris, died at her home in Covington, on Saturday. Mrs. Marshall was the eldest daughter of the late Chas. Brent, of this city, and was a sister of Mrs. Belle Alexander. The deceased is survived by five children, four sons and one daughter. The remains will arrive in this city at 10:10 this morning and the burial will take place at the Paris cemetery. All friends who desire to attend the funeral are requested to meet the procession at the cemetery gate at 10:30 o'clock.

—Mrs. Dorcas Ryles, aged 63 years, died Sunday afternoon after an illness of pneumonia at the home of her son Mr. Fenny Ryles, on the Jacksonville and Pleasant Green pike. The deceased is survived by four sons and three daughters Messrs. Fenny, Jesse, Clay and Marion Ryles, of Bourbon, Mrs. Mary Jett, of Scott county, and Miss Ethel Ryles, who resided with her mother. The funeral services will be held from the residence this afternoon at 2 o'clock, burial in Jacksonville cemetery. The pall bearers will be: Sam Houston, Joe Houston, Wm. Houston, Frank Leach, Stephen Leach and Noah Smith.

## Vaudeville at the Grand.

From the looks of the crowd at the Grand last night it would seem as though all Paris had gone vaudeville crazy, as well as base ball "buggy." But from the quality of the show Manager Porter is giving for ten cents nothing else could be expected.

It seemed last week that the top limit of excellence had been reached, but the performance of last night, which will be repeated tonight, excelled them all. Mr. Roy Lynn, as the "Rube," has a splendid act, and made good from the start. The moving pictures were up to the high average which Mr. Porter has inaugurated.

But by far the best act that has ever been seen on the stage of the Grand this or any other season was that of the Duvall sisters, two little ladies, who, though young in years and small in stature have a great number of the so-called good acts beat to a frazzle. They are the personification of grace in their dances, and both have sweet and pleasing voices. It has been many a day since any act on the stage of the Grand made as distinct a hit. It is to be regretted that their engagement is limited to two nights, and that tonight will be their last appearance unless Manager Porter can arrange for a later date.

The baby contest is now on in full blast. Over thirty of the handsomest babies in the county are entered in the contest for the diamond ring, which will run for two weeks from last night. The race for the prize will be a spirited but friendly one, and the parents of the lucky baby will be warmly congratulated.
